no food contact
break down boxes

Dalton-Whitfield Solid Waste Authority | www.DSWA.org | 706.278.5001

The recycling area sign & containers are color coded.

When you bring something to recycle, look at the sign to identify the category it belongs to. Then place the items in the section of the collection container with the matching color. For example, if you want to recycle a plastic soda bottle you would place it in the red section of the collection container.

Please Recycle...

plastic

COLOR CODE = RED

Plastic Bottles & Jugs, any color:

- Soda
- Water
- Condiments
- Detergent
